

Textbook.

Calculus Concepts and Contexts, Volume 1, by James Stewart.

Class information.

Class times: MWTh, 4:35-5:40 PM, 335 Shillman Hall (SH).

Instructor: V. Toledano Laredo.

Office: 528 Nightingale Hall (NI).

Office Hours: WTh 5:45–7.

Phone: ext. 55 26.

Email: V.ToledanoLaredo@neu.edu

Webpage: <http://www.math.neu.edu/toledano>

Supplementary instruction.

Free tutoring will be available from September 22nd at the Math Tutoring Center in 540B Nightingale at the following times: Mon.–Wed. 10–9PM, Thur. 10–6 and Fri. 10–1.

Homework.

The homework are a vital part of this course. They will be assigned at the end of each class and **will be collected every Thursday, and graded**. Exercises assigned on Monday of any given week, and Wednesday and Thursday of the previous week, will be collected on Thursday of the given week. **Late homework will not be accepted.**

I will grade 3 exercises in each weekly homework with a grade ranging from 0 to 2.5. 0–2.5 additional points will be given for completeness. **All work must appear on the homework.** Failure to show steps in your reasoning or calculations will result in incomplete grades.

I will go over the solution of some, but not all of the homework assigned in each class class at the beginning of the next class. If you have a lot of questions on the homework, it is essential that you go to the Tutoring Center or come to my office hours.

Grading.

There will be **no curving or scaling of grades**. There will also be no extra credit work or special projects available to make-up for poor grades at the end of the semester. **Your course grade is your responsibility.**

HOMEWORK. The homework make up 30% of the course grade. The lowest homework score will be dropped. This policy applies even if a student has a perfectly justifiable excuse not to hand in a homework. Should that be the case, that homework will be one to be dropped.

1 HOUR EXAMS. There will be two one-hour exams on Thursday, Oct. 9 and Monday, Nov. 10 during class. Each will count as 15 % of the course grade.

FINAL EXAM. The two-hour, common, **final exam will take place on Wednesday, December 18, from 10:30 to 12:30.** This exam will count as 40% of the course grade. Please refer to www.registrar.neu.edu/finexsched.html for the room and building in which the exam will be held. All students without legitimate conflicts (approved by the instructor) must take the exam at the scheduled time. Do not make travel plans that conflict with it.

MATERIAL ALLOWED DURING EXAMS. No course material, notes or summary cards will be allowed during the hour long and final exams. **The use of a calculator will not be allowed during any of the exams.**

Course grades.

The course letter grades will be obtained from the numerical grades as follows:

A =93 and over	B₊ =87-89	C₊ =77-79	D₊ =67-69	F =below 60
A₋ =90-92	B₋ =80-82	C₋ =70-72	D₋ =60-62	

0.5 and more will be rounded up to 1, 0 to 0.49 to 0.

Concerns and Conflicts.

In case of concerns about the course or the instructor that cannot be resolved by speaking with the instructor, please contact the course coordinator:

Professor M. Braverman
457 Lake Hall (LA)
phone: (617) 373 87 69
email: maximbraverman@neu.edu

Should the matter still be unresolved, please contact the Undergraduate Director:

Professor A. Martsinkovsky
471 Lake Hall (LA)
phone: (617) 373 55 10
email: alexmart@neu.edu

It is the University policy that no grade, including an incomplete, can be changed after one year. Exceptions may be authorised by the Academic Standing Committee.

Course policy and schedule.

The instructor reserves the right to alter this document or the course schedule according to the needs which may arise during the semester. **It is each student's responsibility to be aware of any such changes which are announced in class or by email**, whether or not that student is present at the time of the announcement.

Academic honesty.

Northeastern University is committed to the principles of intellectual honesty and integrity. All members of the Northeastern community are expected to maintain complete honesty in all academic work, presenting only that which is their own work in tests and assignments.
