

**Summer 2007 MTH U115 APPLICATIONS IN ALGEBRA  
COURSE POLICIES & SYLLABUS**

**Instructor: Andrew Carroll**      **Office: 550 NI**      **E-mail Address: carroll.a@neu.edu**  
**Instructor: Marcus Fries**      **Office: 521 LA**      **E-mail Address: fries.m@neu.edu**

**Text:** Finite Mathematics & Its Applications by Lial, Greenwell & Ritchey, 8th edition (the code for the online homework is included). Please pick up a class packet at Gnomon Copy.

**General course objective:** To introduce students to interesting and useful applications of mathematics while improving their basic skills, problem solving capabilities and understanding of the power of abstraction.

**COURSE POLICIES:**

1. **Attendance Policy.** Attendance is mandatory! There will be no makeups for missed quizzes except for documented medical problems. Any excuse given once you have already missed the quiz is a weak one.
2. There will be two quizzes per week to keep students up to date on the material. If you miss a quiz there is no make-up. If the absence is due to a hospitalization or to a university supported absence (i.e. a scheduled game in which an athlete is participating), then the following quiz will count twice to replace the missing grade. This does NOT apply if you miss class due to illness. The best 8 quizzes will be used to determine your quiz average.
3. There will be a one-hour midterm and a two-hour, cumulative, departmental final exam. **No student will be granted a request for a special final exam unless it is due to a registrar created conflict. If you miss either of these exams you will receive a grade of zero, as there will be no make-up exams given.** A plane ticket home will not excuse you from the final exam, so please plan accordingly. Our final exam is scheduled for Monday June 25 at 8:00 AM.
4. Your grade in the course will be determined as follows:  
Quizzes: 30%, Midterm 30%, and Final Exam: 40%  
**THERE IS NO SCALING OF QUIZ OR EXAM GRADES IN THIS COURSE.**  
You will be graded to the following scales:

COLLEGE OF ARTS AND SCIENCES**		ALL OTHER COLLEGES	
Final Avg	Grade	Final Avg	Grade
94 - 100	A	94 - 100	A
90 - 93	A-	90 - 93	A-
87 - 89	B+	87 - 89	B+
83 - 86	B	83 - 86	B
80 - 82	B-	80 - 82	B-
77 - 79	C+	77 - 79	C+
73 - 76	C	73 - 76	C
0 - 72	U	70 - 72	C-
		67 - 69	D+
		63 - 66	D
		60 - 62	D-
		0 - 59	F

5. \*\*You must receive a grade of C or higher in this course to demonstrate proficiency in mathematics. A final grade lower than 73 will receive a U (unsatisfactory) and it will be necessary for you to repeat the course and receive a C or better in order to graduate.
6. Homework will be assigned regularly on Course Compass, ([www.coursecompass.com](http://www.coursecompass.com)). Students who complete the homework assignments will gain an extra quiz grade that is equal to the homework grade average. To access the homework you need the course I.D. number **fries50616**.
7. A calculator is required, preferably a TI-83. You may NOT use your cell phone as your calculator.
8. Cell phones may not be used for any purpose during a quiz or exam. You may not use them for keeping time or as a calculator. Anyone caught with a cell phone out during a quiz or exam will receive a zero on the assignment.
9. It is the student's responsibility to be aware of what happens in the classroom, including announcements of possible exam (or quiz) date changes, material that will be covered and changes to the syllabus, which may occur. If classes are cancelled for any reason, scheduled quizzes or exams will be given the following class. Announcements will also be posted on the class page of [www.coursecompass.com](http://www.coursecompass.com).
10. If you have a concern about this course that cannot be resolved by speaking with your instructor then please contact the course coordinator, Joan Campbell, 543 NI, ext. 4882, [j.campbell@neu.edu](mailto:j.campbell@neu.edu).
11. You may receive any extra help in this course at the Math Tutoring Center in 540B NI. The tutoring center offers free tutoring on an individual basis. You just need to sign up for an appointment. Please seek help as soon as you experience any difficulty, do not wait until just before an exam.
12. Northeastern University is committed to the principles of intellectual honesty and integrity. All members of the Northeastern community are expected to maintain complete honesty in all academic work, presenting only that which is their own work in tests and assignments.
13. We encourage students with disabilities, including "invisible" disabilities like chronic diseases or learning disabilities, to discuss with me after class or during my office hours appropriate accommodations which might be helpful for them. Your disability must be verifiable. The Disabilities Resource Center (20 Dodge Hall, ext. 2675) can provide you with information and other assistance.
